Here is a brief summary of the Somatology Clinic.

Somatology clinic is a little oasis on DUT Ritson Campus, situated in the newly built Clinic Complex on the Corner of Ritson Road. Here staff, students and members of public come for relaxation, skin and body care treatments and wellness programs. The range of treatments include: facials, hand and foot treatments, non surgical face lifting, waxing and our speciality - body massages. Our final year students also perform Aromatherapy and Reflexology treatments. These treatments are no longer luxury but a necessity in today's stress filled environment!

The clinic operates a community engagement. Through the clinic, staff and students also support KZN sporting endeavours such as the Comrades Marathon.

Various promotions run throughout the year with special rates.

Gift Vouchers can be purchased from the Clinic.

Pensioners will receive reduced prices on their treatments.
